Changes

To facilitate consenting of the submitted request, we've made some changes. As discussed with council, the paths of a couple of tracks (Farfield & Faraway Tracks) were modified to work around SNAs rather than go through them. Another track (Knowhere South) was moved to better weave around trees.

One area mentioned in the submittal (Bear's Spur) was removed as it probably won't be gotten to.

Removed Tracks:

| NULL | Knowhere South Track | +/-78m. |
| NULL | Farfield | +/-206m. |
| NULL | Farfield shortcut | +/-65m. |
